

5:45 P. m.

Dear Lois, Ted and Alice:

Your note and card received. we didn't expect you to send us a card. Dad & Mother got such a nice card of sympathy from Miss Shaner last week. also a letter from Edith.

Today has been such a gloomy day not quite as bad hasn't rained like ^{did} two weeks ago. I came in alone this P. m. I lived over the trip again. also last night too. I noticed the clock about 6 P. m. and went over the whole thing of two weeks ago. I think it must have been two hours before I went to sleep after I went to bed.

I brought mother down yesterday for another treatment. we stopped at the cemetery. I lifted some of the bunches of flowers around and found one bunch that was completely covered up. It looked fresh so put it on top and thought Teddy will have a nice bunch of flowers for sun.

I think you and Ted have been so busy through it all. I can't talk about it to any one yet.

I haven't got the Xmas spirit and am afraid I will not. I am going to get Alice a robe and slippers if you haven't already or know she is getting them from some one. Dad and mother want me to get something for them too. I suggest we just get for the children this year. I know that will suit Elsie. Now you do the same will you? I thought we should do something for mother. What do you say? Dad doesn't expect anything. He got his all at his B. D.

Mrs Matthews said it would be O.K. to store the things away here.

Who of the folks did you see at Mt. Vernon?

Let me know about the robe. I must try to do a little shopping this week.

Love to all

Did you get the letter I
forwarded last week?

Bess.
