Dear Alice:

You'll see by the enclosed notice Dad died suddenly on 4 Nov. on back porch of his apt. at Retirement Home - outside that he loved so much. It's been a shock but I'm so thankful that he wasn't in a nursing home or hospital & was active till the last.

Will you please pass on Dad's death to Pat. He did enjoy meeting & talking to him about Stevenson relatives.

Dad's ^{niece} ~~sister~~, Ralle, from New Zealand was here Dec 92 & enjoyed her visit. She died of a stroke last May in Auckland & now Dad followed her in Nov.

My husband, Jim, had a stroke Oct 14 & can't put weight on his left leg - It seems troubles come in bunches - Our 3 children have been supportive as well as friends & church members. The truck had to Houston for burial beside Mather (dM989).

Thought you might like to see what your Texas kin look like.

Sorry to send had news at this holiday time. I've wanted to write sooner but my emotions & energy go up & down.

Let me hear from you - Have a good holiday season with your family.

Your Texas cousin
Jean Stevenson McLean
